

**Pharmacy Student Senate  
Meeting Minutes  
September 22, 2008**

- **Homecoming** –We are no longer responsible for homecoming. Dr. Adam’s office is responsible. We still need help from the classes. We will send around a sheet asking for volunteers to help (work Coke trailer, etc.). They will definitely need people to sit at sign-in table for alumni check-in. We will be selling a homecoming T-shirt as a fundraiser. We might assign each organization with a duty.
- **Wiffleball Tournament** – Faculty would like to play. People in the class will sign up, and we will pick the teams. This will encourage participation and help people meet each other. There will be a “draft”. PSS members will be team captains, and we will pick teams. Coy is looking up wiffleball rules. We might possibly charge \$5.00 a person as an entry fee. Send out a sign-up sheet to classes and get it back to Coy. There will probably be double elimination for the tournament. It will not interfere with tests. There will be 10 people per co-ed team.
- **Game Night** – Everything is ready, and the P1 class will be in charge. Gene has gotten donations, and high participation is expected.
- **Suggestion Box** – Dan will talk to Dr. Lawrence and get her suggestions.
- **Formatting of Notes Request** – The rough draft of the request was approved by the members, and it will be sent to Dr. Leader requesting that teachers post their lectures in Powerpoint or Word format.
- **Professional Developments** – Coy has not received any e-mails about professional developments from the organizations. Samantha Battaglia is in charge of professional developments in LSPA. We might contact her to get a list of the professional developments.
